

Dinosaurs

Year 2 Bee Class

Miss Hawksworth

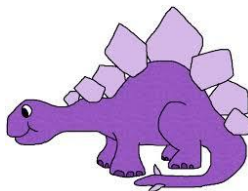

Spring Term 1 2016

Mathematics:

In mathematics we will be continuing to develop and consolidate our knowledge and understanding of place value. We will be counting on in twos, fives and tens, including money. We will also be adding and subtracting money and finding easier methods of adding and subtracting two digit numbers. Towards the end of term we will also be covering 2D and 3D shape.

Topic

Our topic for this term is 'Dinosaurs'. Within our topic we will be learning about different dinosaurs and how the dinosaurs became extinct. To start our topic we will be looking at the landscape of the earth and placement of the continents during the Jurassic period. We will also cover dinosaurs in different continents and we will look at the different diets of carnivorous and herbivorous dinosaurs.

Literacy:

This term in literacy we will be learning how to write a letter. We will also be reading traditional stories from different cultures and will be rewriting these in our own words and participating in some drama. Furthermore we will be reading and completing some work about humorous poetry.

Computing:

We are learning about internet safety and will be gaining an understanding of why it is important to be safe online.

Science:

Our science topic this term is 'Animals and Habitats'. We will be looking at different animals and their habitats and will also look at different food chains.

P.E.:

In P.E. this term we will be participating in gymnastics, where we will be learning how to use different parts of our bodies to move around a space and how to balance using different parts of our bodies.

PSHE and R.E.

Our R.E. this half term will be based on Christianity and the stories Jesus told.
