

# Celebrations

Year 2 Bee Class

Miss Hawksworth

Autumn Term 2 2015

## Mathematics:

*In mathematics we will be continuing to develop and consolidate our knowledge and understanding of place value. We will be looking at ordinal numbers and will be partitioning 2-digit numbers to help us with our additions and subtractions. Our numeracy will also cover measuring length in standard units, including centimetres and metres and we will be counting in 2s, 5s, 10s and 3s.*

## Topic:

*Our topic for this term is 'Celebrations'. Within our topic we will be learning about different celebrations which are current to this time of year. To start our topic we will be looking at Bonfire Night and will learn and retell the story, as well as creating some firework art. Our topic will also cover the Hindu festival of Diwali, where we will make our own tea light holders. We will be looking at the Jewish festival of Hanukkah, making and tasting bread. Finally we will end our topic with learning about the Christmas story.*

## Literacy:

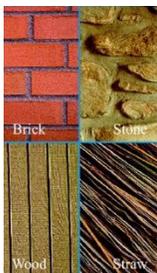

*This term in literacy we will be learning about different types of poetry and will be writing our own bonfire night poems. We will also be looking at non-fiction texts and will be writing our own non-fiction books about dogs and cats.*

## Computing:

*We are learning how to search on the internet for images and will then paste these into a word document and label them.*

## Science:

*Our science topic this term is 'Material'. We will be continuing to find out about the materials that things are made from and their uses.*

## P.E.:

*In P.E. this term we will be participating in ball skills, where we will be learning how to throw and catch through a variety of different games.*

## PSHE and R.E.

*Our R.E. this half term will be based around our celebrations topic.*
