

Cool to Live in Kirkby

Year 2 Bee Class

Miss Hawksworth

Summer Term 1 2016

Mathematics:

In mathematics we will be continuing to develop and consolidate our knowledge and understanding of addition and subtraction. We will also be developing our understanding of money, recognising coins and notes and applying this to add amounts of money and find the change. We will also be completing a unit on measuring including measuring units of weight, capacity, length and temperature.

Science:

We will be continuing our work on animals including humans. We will also be starting our new topic this term, which is 'Plants'. In our plants topic we will be finding out what plants need to grow and will be carrying out various investigations.

Topic

Our topic for this term is 'Cool to Live in Kirkby'. In our topic we will be learning about our local environment. We will be researching different facts about the local environment. During our topic we will taking part in various visits around our local area, including a visit to the library, a shop survey and a trip to the local park. We will also be locating Kirkby in Ashfield on a map and will be discussing how we could make improvements to our local area.

P.E.:

In P.E. this term we will be participating in athletics, where we will be looking at different athletic skills. We will be learning how to develop our skills in running, jumping and throwing.

Literacy:

This term in literacy we will be learning how to write diary entries. We will be using the story 'The Diary of a Killer Cat' as a starting point for our writing. We will also be completing work on senses poetry, thinking about our senses in different ways.

Computing:

We are learning about internet safety and will be gaining an understanding of why it is important to be safe online.

PSHE and R.E.

Our R.E. this half term will be based on Judaism and Jewish stories.
